

Highland Hardware Gift Guide

... Some of our favorite things.

ELENA VEGA:
Jet Mini Lathes

The ideal first lathe. Priced and sized just right. You can turn bowls up to 10" in diameter and objects up to 14" between centers and it won't eat up much floor space in your shop.

025375 Wolverine Sharpening Jig

Makes sharpening your turning tools a heck of a lot easier.

CHRIS BLACK:
146607 Screw Gripper Pliers

I have three of these: one in the shop, one in my favorite job-site tool box and one as a back-up in case one gets legs.

155451 Dave's Spokeshaves

After Dave super tuned my old Conover spokeshave, I was sold! Now I have five Dave's Shaves. No really, five.

178251 Collins Bunny Planes

Handy little rascals for persuading uncooperative details in the millwork. Besides, none of your friends have them yet. You can decide whether or not to tell them where you got them. We hope you will.

BEN ARTHUR:
128272 Pair Anti-Vibration Gloves
128264 Pair Cut-Resistant Kevlar Gloves

As a sculptor, it is extremely important to protect your hands. I'm diligent about hand safety and wear either anti vibration gloves or Kevlar gloves.

PHIL COLSON:
Shop Smocks

The Shop Smock is a delight to wear. My wife likes it because it cuts down on the amount of wood debris I bring into the house.

221516 Woodturning, A Foundation Course

Concise info that doesn't overload the beginner with advanced techniques.

PATTY ELDER:
116401 Leather Shop Apron

More luxurious than your favorite bathrobe! Feel at home no matter where the workshop is located.

203621 Understanding Wood Finishing

Everything you wanted to know about finishing but were afraid to ask! In-depth coverage with color photos.

SIDNEY DEW:
061526 Starrett Double Squares

Accurate tools make for accurate work. Easily carried in your shop apron.

055201 Tite-Mark Marking Gauge

Balanced and beautiful. Scores a clean, crisp line every time.

056001 Forrest Woodworker II Table Saw Blade

The one that everyone tries to copy. Absolutely the best!

BLAIR DOWNING:
Frame Saws with Turbo Cut Blades

The refined, classic lines of a European Frame saw with a super-charged blade. They cut as sweet as they look!

Microplane Stainless Steel Sanding Discs

Fast cutting and long lasting. High octane cutting discs for your random orbit sander.

BOB SAYE:
25-869 Delta Magnetic Work Light

Since most shops have shadows and dark areas, everybody can benefit from some spot illumination.

125825 Gransfors-Bruks Competition Throwing Axe

Brings meaning and purpose to the lives of airport security staff and solves problems with pesky neighbors.

ED SCENT:
124041 K3 Kreg Jig Master System

If creating Chip-n-Dale style furniture is not part of your repertoire, try building with the Kreg Jig. An uncomplicated way to create that custom corner cabinet using only basic shop tools. Frames, carcasses & doors with the Kreg Jig - you can do it!

061568 4" Starrett Combination Square

Whether in your apron pocket or on your bench, this tool gets continuous use, guaranteed! The extra cost of Starrett more than pays for itself in unquestioning accuracy and reliability.

DOUG HALL:
Plane Irons by Ron Hock

Absolutely the best! Because of the high quality alloys used, these blades will take a sharper edge than most other blades. Will make even inexpensive planes perform better.

Woodworking Classes

These are (See our Website for current offerings) a great way to improve your skill set and to expand your knowledge of woodworking. If you are not sure you'll like a certain type of woodworking, come to Atlanta and take a class to check it out.

SABIHA MUJTABA:
076501 Beadlock kit Complete

A foolproof way of joining two pieces of wood together-creates a floating tenon joint using a hand drill as the only power tool.

056423 Dozuki Dovetail Saw

Fine, fast, accurate cuts for hand joinery. With the cutting action on the pull stroke, the saw has a natural, balanced action.

24-HOUR TOLL-FREE ORDERLINE (800) 241-6748

Round Burnisher

A traditional rosewood-handled burnisher with polished HSS rod. Use on straight or curved scrapers.

035306 Round Burnisher \$12.99

Peltor Stow-a-way Folding Hearing Protection

Comfortable, stow-a-way muffs with 21dB noise reduction in a unique compact folding design. Liquid/foam ear cushions fit snugly, even over glasses.

087001 Peltor Stow-a-way Ear Muffs \$18.99

Brass Backed Joinery Saws

Filed & set for the shallow rip cuts involved in dovetailing, this inexpensive saw is a great value. See more on page 14.

031168 10" Straight Dovetail Saw \$18.99

A Highland Hardware Exclusive!

Woodworker's Stainless Steel Dial Calipers

These fine machinist-quality calipers will become your personal "ultimate measuring tools". See page 5 for details.

168077 4" Woodworker's Dial Caliper \$29.99 \$36.99
065008 6" Woodworker's Dial Caliper \$29.99 \$36.99

Deluxe Router Bit Storage Box

A jewelry box for your sizable investment in router bits. Made of clear solid pine, the well constructed case features finger jointed corners, brass plated steel hasps, hinges & lid support. Inside, a dense foam tray has 50 1/2" holes & 50 1/4" holes spaced 1-1/8" apart. Realistically, you can expect to store between 50 & 70 bits up to 3-1/2" long. A soft foam lining in the lid keeps bits secure. 12-7/8" square x 4-1/8" high.

168086 Deluxe Router Bit Storage Box \$29.99

10,000 Grit Waterstone

The Ice Bear hones tools to a level of fineness formerly achieved only with automotive rubbing compounds or diamond paste. More information is on page 21.

146701 10,000 Grit Waterstone \$64.99

Lie-Nielsen Block Planes

These beautiful general purpose planes have all the fine craftsmanship & performance you've come to expect from Lie-Nielsen. For specs and a selection of more Lie-Nielsen planes see page 9.

034205 L-N 12° Low Angle Block Plane (102) \$95.00
134028 Cast Iron 12° Low Angle Block Plane (102) \$75.00
034206 L-N 20° Standard Block Plane (103) \$95.00

Gifts Under \$100

Whittling Knife

This basic whittling knife is our single most popular carving knife. See page 25.

126603 Whittling Knife \$10.99

Lie-Nielsen Scraper Set

This Swedish steel scraper set includes two card scrapers: one moderately stiff at .032" thick, the other quite flexible (.020").

Lie-Nielsen's fine leather case, with brass grommets & a heavy brass snap, will safely store and protect both scrapers from damage.

034263 Lie-Nielsen Scraper Set \$14.99
134013 L-N Leather Case (for card scrapers) \$20.00

Understanding Wood Finishing - rev.

How to Select & Apply the Right Finish

By Bob Flexner

Oil, shellac, lacquer, varnish, water-based & conversion finishes, wood prep, filling, bleaching, staining & dyeing, selection & application, maintaining, & repairing finishes are all covered in depth. Color photos. Highly recommended. 300 pgs. Paperback.

203621 Understanding Wood Finishing - Revised \$19.95

Silky Mini Mini Saws

Similar to the popular Gomboy, this is an excellent saw for fine cuts & small jobs. See page 15.

126431 Silky Mini Mini Saw \$16.99

Silky Gomboy Folding Saw

This distinctive saw has earned a reputation as the finest folding saw on the market. More information is on page 15.

056455 Silky Gomboy Folding Saw \$29.99

Veritas® Mk II Honing Guide

Selected by Fine Woodworking as best overall for honing, this new guide has several innovative features. See page 2 for complete details.

177031 Veritas® Mk. II Honing Guide \$49.99

Starrett Double Squares

Given their guaranteed accuracy, these delightfully handy squares offer a versatile alternative to fixed steel squares.

061525 4" Starrett Double Square \$49.99
061526 6" Starrett Double Square \$62.99

Starrett Combination Squares

Their versatility & reliable accuracy makes these squares indispensable in any shop. For complete details & a selection of more Starrett tools see page 6.

061568 4" Starrett Combination Square \$56.99
061520 6" Starrett Combination Square \$64.99
061521 12" Starrett Combination Square \$74.99

Wooden Pocket Tape Rules

These petite 6" tapes slip unobtrusively into your pocket. Handsome 1-13/16" square by 9/16" thick hardwood cases. 1/4" wide white enameled steel blades have English & metric scales, graduated in 16ths & mms.

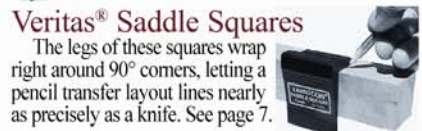

155222 Ebony Pocket Tape Rule \$9.99
155224 Padauk Pocket Tape Rule \$9.99

Automatic Corner Chisel

Quickly square the corners of routed mortises with this simple tool. See page 12.

045312 Automatic Corner Chisel \$9.99

Veritas® Saddle Squares

The legs of these squares wrap right around 90° corners, letting a pencil transfer layout lines nearly as precisely as a knife. See page 7.

067030 Small Veritas Saddle Square \$12.99
177019 Large Veritas Saddle Square \$14.99

Japanese Combination Square

An attractive, convenient and precise stainless steel try square. See page 7.

066405 Japanese Combination Square \$14.99

Bench Dog Offset Push-Loc™ Push Stick

The new Push-Loc™, with its unique bent handle design, may soon become your favorite push stick. See page 3.

105167 Push-Loc™ \$17.99

Woodturning A Foundation Course

By Keith Rowley
Basic turning skills & knowledge are covered with copious illustrations & clear text. Strongly recommended for any beginning turner. 151 pgs. Paperback.

200368 Woodturning, A Foundation Course \$19.95

DELTA Magnetic Base Flexible Work Light

A powerful 40 lb. magnet in the base lets you put this lamp where you need it - & it will stay there, regardless of machine vibration or surface orientation. A reflector hood with a 14" flexible arm uses 40 watt track light bulbs (not included).

25-869 Delta Magnetic Work Light \$19.99

Boxed Set of 3 Precision Steel Squares

This handsome set of engineer's squares have hardened spring steel blades. An excellent value. Page 7.

199109 Set of 3 Squares \$37.99

Boxed 6-Piece Bench Chisel Set

Czech-made bevel edged chisels with beech handles & nicely tempered chromoly steel blades. See page 12.

146012 Boxed 6-Piece Narex Chisel Set \$39.99

For Those Who've Been Exceptionally Good

Classic Frame Saws

Adding a Japanese blade to a classic European handsaw design is pure genius. These ergonomic saws perform exceptionally well and are beautiful to boot. See full details on page 14.

310108 Classic 400 Frame Saw \$89.99
310111 Classic 700 Frame Saw \$119.99

Lie-Nielsen Dovetail Saw

This saw is as beautiful as it is functional with its graceful curly maple, open-tote style handle. A 15 TPI Swedish steel blade with a minimum set provides a super-small kerf. Fine handcut dovetails are in your future with this saw. See page 14.

059001 Lie-Nielsen Dovetail Saw \$125.00

Kreg K3 Master System

Pocket hole screw joinery is a fast, easy and reliable method to connect two pieces of wood together at right angles. Kreg Jig has elevated pocket joinery to new heights of versatility with the K3 Master system that offers features like incremental depth settings and a dust collection port. See page 29.

124041 Kreg Jig K3 Master System \$149.99

Sorby 6-Piece Full Size Tool Set

A thorough set for wood turners. Page 26.

141800 6-Piece Sorby Set \$259.99

ProTop Complete Router Table

Turn your router into a stationary tool workhorse with this nicely appointed, full-size cabinet style router table. See page 3.

105179 ProTop Complete Router Table \$389.99

Leigh Jigs The D4R-24, D1600 & the FMT

Joinery that will last for generations is made simple with the joinery system from Leigh. See these fine jigs on pages 28 & 29, along with a selection of Leigh accessories.

105304 D4R-24 Leigh Jig \$419.00
105461 Leigh D1600 Dovetail Jig \$299.99
104390 Leigh FMT Jig \$749.99

Limited Edition Tage Frid Set

Tage Frid's books on woodworking have long been considered the definitive guide-books for beginners wishing to immerse themselves into the world of fine woodworking. Through his decades of teaching and from his books & published articles, Tage Frid mentored a generation of American woodworkers. This is the finest introduction to the essential skills of woodworking that a serious woodworker can own. Book one covers the most important woodworking joints by taking you step by step through the simple intricacies of sound, efficient joinery. Book two delves into the topics of shaping, veneering and finishing. Book three shows you how to use techniques covered in the previous volumes to make some marvelous furniture of Tage Frid's own design.

Included with this distinctive hardcover set is a slip case cover and limited edition DVD profile of Tage Frid produced in 1994 but never released in its entirety. The DVD also contains two bonus shorts covering veneering and bending in form.

070880 Limited Edition Tage Frid 3 Book Set w/ DVD \$89.95

DMT DuoSharp™ Two Sided Diamond Stones

Luxuriously large stones with economical double-sided construction. See page 20.
